ROLLS-ROYCE OWNERS' CLUB

CLASSIC CAR is admired by young Lisa Hamilton, nine, of Littleton. This 1930 Rolls Royce Phantom was displayed over the weekend at the Mt. Washington Auto Road in Gorham during the fall outing of the Rolls Royce Owners Club of New England. More than

a dozen of the magnificent machines actually motored to the summit of New England's highest peak via the eight mile auto road. The radiator and trim on this car is gold plated and it is owned by Dr. Ragland of Colebrook, Conn.

Dear Mr. Bolduc:

I have been away from my office, and have just now come upon your letter of September 21st, in which I note that you have recently purchased a 1929 Rolls-Royce Limousine. We have a club called the Rolls-Royce Owners' Club of America, in which much of this information is contained in a publication called "The Flying Lady". The club headquarters is at 1822 No. Second Street, Harrisburg, Penn. 17102. There they have the back issues of "The Flying Lady" and you could stop there to look over some of "The Flying Lady" issues. There is much information contained about the Springfield Phantom I. As to becoming a member of the Rolls-Royce Owners' Club, I am herewith enclosing an application. It will be necessary to find a sponsor who has been a member of the club for at least two years.

I know you will enjoy your car, and will get a great deal out of the activities of the Rolls-Royce Owners' Club.

Best regards,

Millard W. Newman
President
