### LHS Vo-Ags Champs In Tree Planting

Wayne Shipman's LHS Vocational agriculture students won the first prizes in both divisions of the tree planting contest at the Forestry Field Day at the Area Wednesday.

The LHS vo-ag team of Labonte and Bolduc topped the first division with second honors being taken by the Epping 4-H club members, McPhee and Hutchinson.

Another Shipman team, Phelps and Sears, won first prize in the Second division. In second place was the Proctor Academy team of Lindquist and Nelson.

The prizes were awarded by Manager Fritzie Baer of the Recreation Area. Rep. Edith B. Gardner of Gilford took pictures of the awards presentation and other phases of the field day activities which she plans to give the Area management for display in the Recreation building.

The state wide Forestry Day was the first to be held and it is planned to repeat the event next year.
